Study Timer

GitHub: <https://github.com/Zcordeiro/Study-Timer>

Project: <https://pure-reef-70690.herokuapp.com>

- This is a pomodoro style timer made to help the user focus while studying and working. Users can adjust the times to better suit their needs.
- Built this project from scratch. Wanted a project to be able to use on a daily basis and continue to build on with new technologies.
- HTML, CSS, Javascript, Tailwind CSS, Node.js, Express

Employee Tracker

GitHub: <https://github.com/Zcordeiro/Employee-Tracker/>

- This backend app can help a business owner view and manage the departments, roles, and employees in a company so they can better plan their business.
- Built this project to better understand database storage and manipulation from the backend side of development.
- Javascript, Node.js, Express, SQL

EXPERIENCE

General Manager Coppertail Brewing

2014 – 2022

Tampa, FL

Oversaw the expansion and completion of a 5,500 square foot tasting room across two levels was effectively executed. Proficiently managed and supervised a team of seven managers and over 60 personnel, guaranteeing the smooth operation of the facility and ensuring consistently favorable outcomes. The scope of responsibilities encompassed the meticulous planning and successful execution of large-scale events through collaboration with various departments and external vendors, along with the implementation of effective communication strategies to foster growth, training and leadership development among team members.

Bartender Cigar City Brewing

2012 – 2014

Tampa, FL

Maintained a pristine and organized environment for guests to enjoy, ensuring an extraordinary guest experience with exceptional customer service. Contributed to a consistent stream of repeat clientele for the brewery tasting room by relying on acute attention to detail and adept problem-solving skills.
